**Result of examination:**

It was determined that Q1 and Q2 were prepared by the writer of the Samuel Carr and Sam Carr letters which have been designated Qc3 and Qc4 submitted by the Chief of Police, Yonkers, New York with letter dated 6/23/77.

The only available known handwriting of David R. Berkowitz consists of his signature. Q1 and Q2 are not sufficiently comparable in letters or letter combinations with the David R. Berkowitz signature for meaningful handwriting comparisons to be made. Therefore, it was not possible to determine whether Q1 and Q2 were or were not prepared by Berkowitz. If a future examination is requested, efforts should be made to obtain dictated handwriting in the complete wording of Q1 and Q2, prepared by Berkowitz. Q1 and Q2 should not be shown to Berkowitz prior to obtaining the dictated handwritten specimens.

The submitted evidence has been photographed and is returned herewith.

The above report confirms and supplements the telephone call to Sheriff Thomas Delaney on 8/12/77.

- Kc1      Photocopy of two-page Lease Application dated 3/27/75 bearing the hand printing and handwriting of DAVID R. BERKOWITZ

**Result of examination:**

Specimens Qc1 through Qc4 were searched through the appropriate sections of the Anonymous Letter File without effecting an identification. Appropriate photographs will be added.

Because of the lack of an adequate amount of known hand printing and an absence of comparable handwriting prepared by DAVID R. BERKOWITZ, Kc1, a definite conclusion was not reached whether the questioned entries on specimens Qc1 through Qc4 were or were not prepared by this person. However, as could be determined from the available writings, characteristics were noted in a portion of the hand printed address on Qc2 which indicate that dictated handwriting and hand printing prepared by BERKOWITZ in the same wording of the questioned writings on items in this case should be obtained. The writers should not be permitted to view the questioned material.

If a future examination is desired, efforts should be made to obtain the original documents of Qc1 through Qc4.

The submitted evidence has been photographed. These items are returned herewith.

The letters appear to have been written by a person of at least average use of the written language and indicates an author who has probably finished high school. The letters tend to indicate a person with a vivid imagination.
